

5. Support us by contributing for the equipment and maintenance.

- Plan to have a multisensorial room with full fledged equipment the estimated cost is Rs.20,00,000.
- Plan to add gait training equipment, estimated at 65,00,000.
- Plan to add equipment for occupational therapy, estimated at 4,50,000.
- Plan to add equipment for audiology and speech and language department, estimated at Rs. 8, 50,000.
- Plan to add equipment for Image therapy, estimated at Rs. 6,00,000.
- Plan to add equipment for Documentation department, estimated at Rs.35,00,000.
- Plan to add books to our library estimated at Rs. 5,00,000. People could donate in books form, we would supply you the list of books.
- Plan to add e-books, donors could directly buy, and forward it to our centre .
- Plan to have two horses of our own, at present we have hired the horse.
- Support us in getting the latest techs and tools .
- Support us in availing the latest Research materials.
- Support us in getting training materials .
- Support us in buying testing materials and batteries in the field of development, the list of testing materials will be listed on request.
- Support us in establishing a hot water pool .

6. Sponsor for the establishment of a respite home:

- We do not plan to start a residential centre, for we believe that the development of child is holistic, that is parents as co-therapist, the centre, the teachers, the family and the society in general. However we understand the needs of the parents, we plan to have a respite home, wherein the children will be kept for a few hours, or days, and the parents can have a respite from managing these children. This unit will also be used by parents from outstation, who come for early intervention therapy. The estimated cost for construction, furniture and fittings is Rs. 25,00,000.

USHAS –Centre For Exceptional Children

7. Support us in sales or products made by USHAS children:

- Over a period of time a catalogue of the products made by our children will be available on the site. Kindly note that volume could be a major issue, for each product is hand made by the exceptional children and not screen printed for volume.

8. Support us in networking:

- Being remote by location, we are not able to network, with similar like minded people at the state, national or global level. We would like to network with universities, institututes and people all over the world who are working in this sector. Unless we come together and work for the cause we will be making a difference in the life of such children.

9. Support us in establishing a four year degree program and post graduation in special education.

- Our dream is to have a full fledged degree programs, graduate programs, post graduate programs and Doctoral studies in the field of special education. As on today in India we have diploma program of two years duration, and Bachelor in Education of a one year duration. Our experience is that this training is not sufficient to cater to the needs of a special child. We plan to have a four year degree program in special education, and give people to have a career choice. These students could cater to the entire needs of special child.

Cheque or Demand draft to be made in favor of “USHAS – Centre for Exceptional Children “ Hubli.
